SUMMARY

Web Developer with a strong foundation in front-end and back-end development. Proficient in HTML, CSS, JavaScript, React, Node.js, and MongoDB, with experience in the MERN stack. Learned basics of Power BI and SQL.

PROJECTS

Prescripto

Nov 2024

- Developed a full-stack Doctor Appointment Booking System using MERN Stack. The platform allows patients to book appointments and enables doctors/admins to manage schedules efficiently. Integrated secure user authentication and deployed on Render.
- User Page: <https://prescripto-frontend-dfr8.onrender.com>
- Admin Page: <https://prescripto-admin-0unm.onrender.com>

Snapgram

Jun 2024

- Built a responsive social media application using React and Appwrite, featuring image sharing, user profiles, and real-time updates. Implemented authentication, storage, and database management through Appwrite's backend-as-a-service platform. Designed an intuitive UI for seamless user interaction across devices.
